

※※ Special Circular (7) ※※
Display of Remote Moving and Flying Exhibits
Outside the Booth Area Is Prohibited

In the previous edition of the Fair, some exhibitors were found demonstrating remote moving and flying exhibits outside the booth area. This circular serves to remind all exhibitors that the demonstration of exhibits should be made **INSIDE** the booth area. In addition, the exhibitor should make sure that the demonstration should not cause any damage, loss and hurt any other exhibitors, visitors or any other person in the fairground.

Clauses 33 and 69 of the rules and regulations of the Fair are extracted below for your reference:

- 33.** The Exhibitor shall be solely responsible for the precautionary measures (such as guards or other means of protection) to protect the public from any moving or working exhibits. Such moving or working exhibits shall only be demonstrated or operated by competent persons authorized by the Exhibitor and shall not be left running in the absence of such persons. Display of such working or moving exhibits must be subject to the Organiser's prior written approval.
- 69.** The Exhibitor undertakes to fully indemnify and at all times hereafter to keep indemnified in full the Organiser, its agents, representatives, contractors and employees on demand from and against all losses, liabilities, actions, proceedings, claims, damages, costs (including but not limited to legal costs) and expenses whatsoever which it may suffer or incur by reason of or in relation to the negligence, wilful default or fraud of the Exhibitor in the performance of any agreement hereunder or any breach by the Exhibitor of these Conditions.

Remark: The hall gangway and the area above the height above the booth are regarded as public area, no exhibit demonstration or display is allowed.

Thank you for your kind understanding and co-operation.
